

## **Systemic Academy Bramsche – NVR activities**

## Written by: Ruth Tillner

At the end of the year, we are happy to announce it has been a wonderful year with many good seminars and meetings at the Systemic Academy Bramsche. In 2017b Uri Weinblatt was there for a seminar and held a workshop on the subject of shame. This has found great approval.

The fifth training course "Systemic Coach for New Authority" has ended successfully in June 2018 and our 6th course will start on 06th September 2019.

There were also many small seminars on New Authority during 2018. These can be found on our website: <u>www.systemische-akademie.de</u>.
